

State Bank of India — Fair Lending Practice Code

SBI Public Credit Assessment & Underwriting Disclosure Policy

Section 1: SBI Policy Framework for Credit Evaluation

State Bank of India operates under a standardized credit appraisal framework evaluating monthly net income, employment stability, active trade lines, and bureau credit scores.

Section 2: Risk Tier Underwriting Parameters (Tiers P1 to P4)

Tier P1 (Prime Safe) qualifies for competitive rate discounts. Tier P2 (Standard) requires standard 3-month payslip verification. Tier P3 (Subprime) requires 6-month bank statement audits, manual underwriter review, and potential interest rate surcharges. Tier P4 (High Risk) mandates decline or 120% collateral security deposit.

Section 3: Borrower Right to Appeal & Re-Assessment

Applicants categorized in elevated risk tiers may submit additional income tax returns (ITR), audited balance sheets, or collateral assets to request manual underwriting override by the Credit Risk Manager.
